

Abby & Me: Dress-up!

Step 1: ask a grown-up if you can print this file. Best to print on thick paper! There are 2 pages.

Step 2: Color in both pages! You can either draw your own face and hair in the dotted circle, or cut out a picture of your face and glue it into the circle. Again, better ask a grown-up first!

Step 3: Use some scissors to cut out the dolls and outfits. Be very careful with the scissors, make sure a grown-up is there to watch you. Cut around the black edge like shown below:

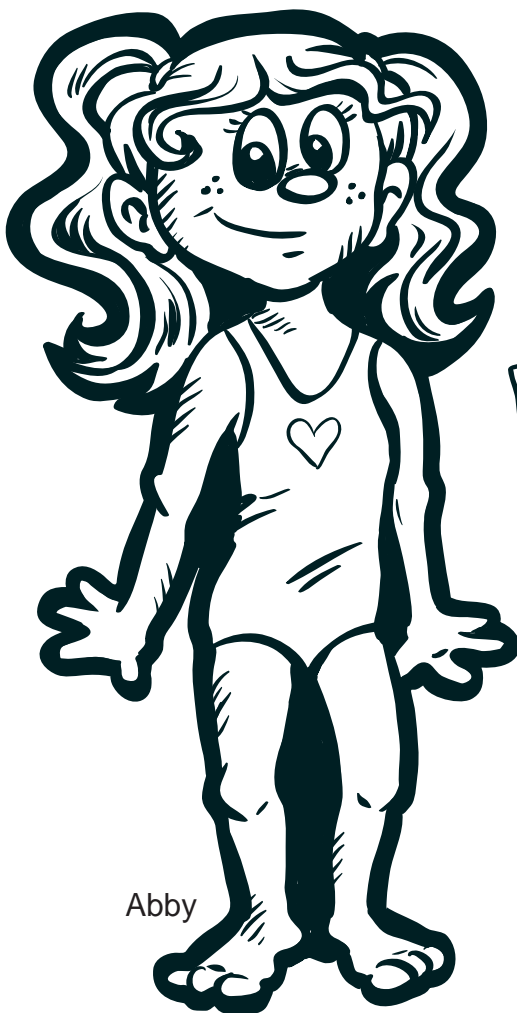

*make sure you don't cut off the tabs!

Step 4: decorate with glitter, or even try to make more outfits out of fabric!

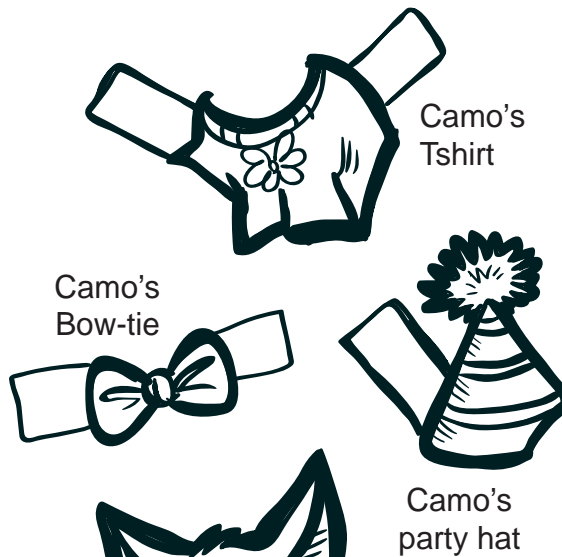

Step 5: Play dress-up! Lay the outfit over Abby's cut-out, and fold the tabs over to secure the outfit in place. See diagram below:

Mix & match, and your doll can try on Abby's outfits! Imagine that, sharing clothes with a little Fashionista like Abby!
